

# TEMPLE CITY Downtown Parking Strategic Plan Workshop

Thursday, November 17, 2011  
6:00 – 8:00 p.m.  
Historical Society Hall  
9704 Woodruff Ave., Temple City, CA 91780

**You are invited to attend an interactive community workshop!  
Chinese translation & child care service will be provided.**

Are you frustrated with the parking in Downtown Temple City? The City of Temple City has initiated a study and strategic plan to review current parking demands and time restrictions, consider future needs, and provide strategic recommendations to better manage city parking spaces. The Strategic Plan will serve as a guide to support commercial activity in the downtown while balancing concerns with nearby residential interests. Your input is needed!

## **At this workshop you will:**

- Learn about parking policies and explore tools that may be used to better manage city parking spaces supportive of the downtown businesses and residents.
- Share local knowledge and express any concerns you may have regarding public parking on streets and city parking lots in the downtown.

**Business & resident participation is essential to this process, so please  
join us on November 17th to learn more!**

## **Project Next Steps**

- Conduct interviews with Downtown Stakeholders.
- Distribute Downtown Parking Survey (online - hard copy).
- Develop recommendations to improve current conditions and accommodate future parking needs.
- Identify financing options.
- Present Final Plan to the Public Safety Commission, the Planning Commission, and City Council in early 2012.

For more information about this project please contact Bryan Ariizumi, Public Safety Officer, or Steven Masura, Director of Community Development, at (626)285-2171 or visit the City's website at [www.templecity.us](http://www.templecity.us)
